UEF// MEDICAL PHYSICS

KUOPIO CAMPUS

ONE SMART DECISION. UEF.

DESCRIPTION OF STUDIES

Interested in combining theory and practice? In addition to traditional courses, the Master's Degree Programme in Medical Physics contains possibilities for learning by doing. You will be able to obtain up to half of the study credits by conducting customised projects at the university, a company or a hospital.

You will have an opportunity for an internship at the Kuopio University Hospital where you will get practical guidance and training in order to apply your theory-based knowledge into practice. Those interested in research are able to gain knowledge in a research internship completed in e.g. one of the top research groups of the Department of Applied Physics.

In addition to cutting edge training in medical physics, you will gain critical research skills necessary for the PhD studies in the field of medical physics and technology. Moreover, the programme serves as a launch pad for young and talented students aspiring to a career in the medical technology and diagnostics industry. We guarantee a modern supportive learning environment, innovative teaching methods and inspiring teachers.

Admission to the Master's Degree Programme in Medical Physics involves selection and is limited to students who demonstrate the most aptitude, motivation and potential that is necessary for success.

PLEASE VISIT THE PROGRAMME WEBSITE FOR FURTHER INFORMATION ABOUT THE ADMISSION REQUIREMENTS AND APPLICATION PROCESS:

- MASTER'S DEGREE PROGRAMME IN MEDICAL PHYSICS
- CAMPUS: Kuopio
- ▶ PROGRAMME DURATION: 2 years fulltime (120 ECTS credits)
- PREREQUISITE FOR ADMISSION: Bachelor's degree in science or engineering: (the degree should include adequate studies in physics and mathematics)
- LANGUAGE PROFICIENCY: English
- TUITION FEE: EU/EEA-nationals: no tuition fee non-EU/EEA-nationals: 12 000€/academic year
- RANGE OF SCHOLARSHIPS AVAILABLE
- PROGRAMME START: September
- **DEGREE:** Master of Science
- APPLY VIA: studyinfo.fi
