

Academia-Industry Matching Event Artificial Intelligence, Technology and Quantum Communication Workshop

17-18 November 2022

We would like to bring together **Academic researchers** and **Industry experts** to share ideas, potential applications and fostering collaborations in the newly emerging field of Artificial Intelligence, Quantum Communication and related technologies.

Topics of the workshop include:

Artificial Intelligence

Machine Learning

Big Data

Quantum Communication

Key speakers are:

**Giovanni Anelli (CERN), András György (DeepMind),
Zoltán Fóris (Human Mind Project), Péter Antal (BME), András Horváth (PPKE)**

Venue: Hotel Mercure Budapest Castle Hill (1013 Budapest, Krisztina krt. 41-43., Hungary)

Registration fee: The regular registration fee is 100 EUR, or 40000 HUF.
The reduced registration fee for students is 20 EUR or 8000 HUF.
